

## Environment Policy

Bespoke Solutions Pty Ltd is committed to the provision of high quality building design & drafting services & sustainability advice in a manner that is sympathetic to the environment. We will continually strive to create value for all of our stakeholders by embracing the current and future principles of ecologically sustainable development.

We are committed to improving the environment and strive to conduct our operations in an environmentally responsible manner, clearly reflecting a commitment to fostering the sustainable use of the Earth's resources.

We will:

- comply with all relevant environmental legislation and regulations, and other initiatives to which we subscribe
- incorporate best environmental practice into our core business plans, management processes, products and services.
- minimise negative impacts we have on the environment, through efficient use of resources, reuse and recycling, and therefore the reduction of waste
- set clear environmental objectives and targets, which will include key environmental management and performance indicators against aspects of our operations
- provide regular monitoring and reporting against these indicators to all staff
- ensure we work closely with our clients, suppliers, local communities, and other interested parties to continually improve our processes, and
- foster the initiation and ownership of environmental activities by all our staff, thereby developing a strong environmental organisational culture.

Environment is everyone's responsibility
